## LAREDO SUNSET MERCHANDISER

MiTek®

ORNATE APPEARANCE WITH SCALLOPED CORNERS

Wood pergola features both available styles

- ➔ Heavy duty product manufactured with thicker steel, hot dipped galvanized and powder coated which provides a superior performance and is more aesthetically pleasing.
- ➔ Many products are adjustable. This ensures a tight fit on any type of lumber and limits the SKUs you need to keep in stock.
- ➔ Sold in kits to ensure everything required for installation is included.
- ➔ MiTek® and OZCO products can be combined on the same order which allows for more frequent orders and better inventory control.
